My family haven't got
enough money for food and
clothes. That's something
we need.

Statistics Norad 4

Statistics Total 17

The statistics for Norwegian development assistance cover statistics relating both to Norad and the Ministry of Foreign Affairs.

The first 28 tables present assistance provided by Norad which, in 2003, managed NOK 4.9 billions. Approximately 37 per cent of this sum was spent in Norway's seven main partner countries, i.e. Malawi, Mozambique, Tanzania, Uganda, Zambia, Bangladesh and Nepal. Around 28 per cent was allocated to the category of other partner countries, namely Angola, Eritrea, Ethiopia, Mali, Nigeria, the Palestinian Area, Sri Lanka, Vietnam, East Timor, Guatemala, and Nicaragua. The remaining 35 per cent was distributed to approximately 60 other countries via both Norwegian and multi-lateral organizations.

The subsequent 19 tables are describing assistance granted by both Norad and the Ministry of Foreign Affairs. The gross value of Norwegian assistance including administrative costs, totalled NOK 14.5 billions in 2003. This constituted 0.92 per cent of Norway's Gross National Income (GNI).

These statistics can also be accessed at www.norad.no. Should you have any questions related to the statistics please call Norad's Information Centre on +47 22 24 20 60 or by e-mail address: informasjonssenteret@norad.no.
